

HARDING MUSIC

MUSIC TUITION FEES - FROM SEPTEMBER 2023

HOW DO WE DECIDE OUR LESSON FEES?

- Our fees are in line with current union advice for private music teachers in the UK. We adhere to the Musicians' Union Rate of Pay for Private Music Teachers used by most reputable private music teachers across the UK. Currently (July 2023) this is £40.50 per hour as a **minimum** and should be altered to reflect additional costs incurred by the teaching setting and reflective of teachers' skills and experience.
- Our current rate is £42ph pro rata to reflect the high-level skills, qualifications and experience we offer our students compared to teachers who may be just starting out, for example.
